THIS IS YOUR FAULT says (10:08 PM):

hegel5000 says (10:08 PM):

(I think I was delayed in getting invited because I have uTorrent running . . . )

hegel5000 says (10:09 PM):

whenever I play a fullscreen videogame in 1024x768 resolution

hegel5000 says (10:10 PM):

there's a chance that the computer won't be able to switch back to the larger 1280x1024 setting until I restart it.

Sometimes it switches back to 1280x1024 after the videogame closes, but other times it won't switch back when it closes, and I won't be able to switch it back by myself.

THIS IS YOUR FAULT says (10:11 PM):

okay now my facebook profile pic is perfect

so uhh hegel

you were talking

hegel5000 says (10:11 PM):

About Love  
in the Time of Cholera!

THIS IS YOUR FAULT says (10:11 PM):

about virginity being forcibly and spontaneously taken  
via reverse cowgirl

THIS IS YOUR FAULT says (10:12 PM):

hegel5000 says (10:12 PM):

It's a movie based on a book that's an English translation of a book in Spanish by this author whose English translations are beloved by scholars who has a strange obsession with hookers.

THIS IS YOUR FAULT says (10:14 PM):

Am I supposed to have a clever comment on this before you continue?

Because I honestly can't think of anything and am starting to not like myself.

~°Δ°[[Bizz] says (10:14 PM):

That happened to me earlier, BK

THIS IS YOUR FAULT says (10:14 PM):

So Bizz you uhh

Wanna play some Transformice? ;D

hegel5000 says (10:15 PM):

(Sorry, I was finishing writing Snakeboys stats . . . )

THIS IS YOUR FAULT says (10:16 PM):

~°Δ°[[Bizz] says (10:16 PM):

Yeah, we should play

THIS IS YOUR FAULT says (10:16 PM):

<http://www.99chan.in/b/src/127941294162.jpg>

hegel5000 says (10:16 PM):

wait a second.

Is that you in the photo?

~°Δ°[[Bizz] says (10:17 PM):

I haven't played Transformice in a while, actually

THIS IS YOUR FAULT says (10:17 PM):

I stopped for a while

hegel5000 says (10:17 PM):

(jkjkjkjk)

THIS IS YOUR FAULT says (10:17 PM):

But have probably spent most of today playing it  
On Facebook?  
Or the UNRELATED PIC

hegel5000 says (10:17 PM):

who is that getting crucified, anyways?

THIS IS YOUR FAULT says (10:18 PM):

I have no idea  
Found it on 99chan

hegel5000 says (10:18 PM):

well, Jesus is magic  
and if this bitch is Jesus  
then, by the transitive property  
there's magic everywhere in this bitch!

hegel5000 says (10:19 PM):

(If I had my 4chan folder out, I would save the PIC UNRELATED one)

THIS IS YOUR FAULT says (10:19 PM):

woooooaaah!!  
oh god NO CHEESE FOR ME

~°Δ°[[Bizz] says (10:19 PM):

omg lewot

Chippy was added to this conversation. Handwriting is no longer supported because not all participants can view handwritten messages. Handwritten messages will be sent as text.

THIS IS YOUR FAULT says (10:19 PM):

yes yes YES

hegel5000 says (10:19 PM):

Do we RPG and make Chippy watch?

THIS IS YOUR FAULT says (10:19 PM):

we could

~°Δ°[[Bizz] says (10:20 PM):

oh god  
oh god  
yes

hegel5000 says (10:20 PM):

But first, Bizz, you have five stat points to spend

THIS IS YOUR FAULT says (10:20 PM):

I would have to cut off Transformice

Grate Oracle Lewot says (10:20 PM):

*I have not particularly met Chippy*

hegel5000 says (10:20 PM):

So you have a little bit of time, BK.

~°Δ°[[Bizz] says (10:20 PM):

Give me my current states?

THIS IS YOUR FAULT says (10:20 PM):

~°Δ° [[Bizz] says (10:21 PM):

I want at least one to go into PRES

hegel5000 says (10:22 PM):

You are currently the weakest character defensively.

Chippy says (10:22 PM):

**what about not meeting me**

hegel5000 says (10:22 PM):

So I guess 1 to STR, 2 to CON, and two to DEX.

~°Δ° [[Bizz] says (10:22 PM):

I guess you can do that too

THIS IS YOUR FAULT says (10:22 PM):

Lewot has not met Chippy

hegel5000 says (10:22 PM):

(Chippy, we are going to make you watch an RPG game which you will not understand at all but freaky stuff will happen as they rob a bank because monsters don't really drop money.)

~°Δ° [[Bizz] says (10:23 PM):

rpg game

hehehehehe

roleplaying game game

Chippy says (10:23 PM):

**Hi Lewot.**

**Uhm... okay. ?**

Grate Oracle Lewot says (10:23 PM):

Yo.

THIS IS YOUR FAULT says (10:23 PM):

I'm a crossdresser

And Lewot is a blob

Chippy says (10:23 PM):

**I like this already.**

THIS IS YOUR FAULT says (10:23 PM):

And Bizz just kind of asks people to make out with her a lot.

~°Δ° [[Bizz] says (10:23 PM):

I'm bisexual

THIS IS YOUR FAULT says (10:23 PM):

Everyone is

THIS IS YOUR FAULT says (10:24 PM):

am I?

THIS IS YOUR FAULT says (10:24 PM):

~°Δ° [[Bizz] says (10:24 PM):

But you're special to me.

<333

THIS IS YOUR FAULT says (10:24 PM):

d'aawww

hegel5000 says (10:25 PM):

Also, Lewot, you didn't spend the 15 OP you have from the last game, I forgot to tell you.

THIS IS YOUR FAULT says (10:25 PM):

ITC Nick chan gets a cavity

hegel5000 says (10:25 PM):

<http://sites.google.com/site/allstown/creation/u>

hegel5000 says (10:26 PM):

Lewot?  
Erm, let's just wait for him to get back  
and I guess he can do all of that later  
since BK has limited time here  
in this world.

Grate Oracle Lewot says (10:26 PM):

*Hegel*

hegel5000 says (10:26 PM):

Oh, sorry.

Grate Oracle Lewot says (10:26 PM):

*I am reading it*

hegel5000 says (10:26 PM):

Okay.

THIS IS YOUR FAULT says (10:26 PM):

**I have liek an hour and a half**

hegel5000 says (10:26 PM):

SHHH

Grate Oracle Lewot says (10:26 PM):

*I cannot type and read*

~°Δ°[[Bizz] says (10:26 PM):

Grate Oracle Lewot says (10:26 PM):

Grate Oracle Lewot says (10:28 PM):

*but ily Bizz <3*

~°Δ°[[Bizz] says (10:28 PM):

ily too <3

hegel5000 says (10:28 PM):

(This has nothing to do with the game right now.)

THIS IS YOUR FAULT says (10:28 PM):

(I like Hegel making this name change for these purposes.)

Cruel Regulator says (10:28 PM):

Erm, okay, right, so we left off in the Strawberry Seperatist's subway mechanical room base in the Cuerpo Amarillo subway system.

Cruel Regulator says (10:29 PM):

= Regulator

Project U says (10:29 PM):

Wait Hegel

Eugene says (10:29 PM):

huhuhuh

Project U says (10:30 PM):

the sheet you linked me still has the MOVE stat

Cruel Regulator says (10:30 PM):

Erm, so like, previously, I think the scientist lady, Clarissa, who's Jimmy or Punk Kid's aunt, a chance to get some money by robbing a bank? And you accepted that offer to rob a bank which has extremely high security even though it's in a very small city town in South East Spain

And, wait, gimme a second.

OH!

I never updated it.

I never updated any of them

~°Δ° [[Espera] says (10:31 PM):

Eugene says (10:31 PM):

((please note the change in display pic whenever it happens))

Cruel Regulator says (10:31 PM):

So yeah, like, you guys went to sleep after the adventure with the scientist dude who did the fried chicken experiments

Project U says (10:31 PM):

Oh

hmm

Cruel Regulator says (10:31 PM):

(I cannot see any details of your new display pic at this size, but I can see that it is not merely a dark grey!)

Eugene says (10:31 PM):

Cruel Regulator says (10:32 PM):

Punk Kid: It's Sunday Morning, so all of the government soldiers are probably at mass.

I have a Mary statue with me, so we'll be fine if we don't go.

The problem is that the corporate mercenaries don't care about Mary.

/Punk Kid

~°Δ° [[Espera] says (10:33 PM):

"I'm excited."

Project U says (10:33 PM):

"k"

Cruel Regulator says (10:33 PM):

"How much money do you guys have, by the way?

(You don't have much.)

Eugene says (10:33 PM):

((Mary))

~°Δ° [[Espera] says (10:33 PM):

"Well, that's Eugene's job!"

Eugene says (10:33 PM):

UMM WELL YOU SEE

Cruel Regulator says (10:33 PM):

(\$74)

Eugene says (10:33 PM):

((hey hegel))  
((okay thanks))

~°Δ°[[Espera] says (10:33 PM):

Eugene says (10:33 PM):

We have \$74 (rolls tongue around in cheek)

Cruel Regulator says (10:34 PM):

You guys won't be able to buy shit except for some Stickman surplus guns.

~°Δ° [[Espera] says (10:34 PM):

Hahahaha

Project U says (10:34 PM):

*(Guys my MSN message thingy now is "k")*

Cruel Regulator says (10:34 PM):

(that was Punk Kid)

~°Δ° [[Espera] says (10:34 PM):

"we won't be able to buy shit"

Nice way to put it

Eugene says (10:34 PM):

()

~°Δ°[[Espera] says (10:34 PM):

(Lewot ily)

Cruel Regulator says (10:35 PM):

"Stickman soldiers just kinda leave their guns everywhere. You can buy a Mr.Rifle at a conventience store for \$10 if you wanted."  
"The ammo's cheap, too, at only a dollar a round."

Eugene says (10:35 PM):

"But is it any good?"

"I have this plasma shit"

~°Δ°[[Espera] says (10:35 PM):

"Yeah."

Eugene says (10:35 PM):

"Like, televisions"

"They have plasma TVs. I have a plasma gun."

~°Δ°[[Espera] says (10:35 PM):

"If it's that cheap, it seems pretty run-of-the-mill average"

Eugene says (10:36 PM):

((I'm sorry guys I don't feel very witty tonight))

Cruel Regulator says (10:36 PM):

"I guess you're right. Mr.12mm ammo is slightly better than the 9mm stuff your handgun takes. The guards will have plenty enough weapons, though."

~°Δ° [[Espera] says (10:36 PM):

(Neither do I D: !!)

Project U says (10:36 PM):

*(Is that supposed to be different than usual, BK?)*

~°Δ°[[Espera] says (10:36 PM):

"What kind of weapons will they have?"

Cruel Regulator says (10:36 PM):

<http://sites.google.com/site/allostown/creation/eugene>

Eugene says (10:36 PM):

(OH HO HO )

~°Δ°[[Espera] says (10:37 PM):

"Like, what should we expect?"

Cruel Regulator says (10:37 PM):

"well, the guns they carry are actually probably worth as much as half the money in the bank."

Eugene says (10:37 PM):

Cruel Regulator says (10:37 PM):

"They're really high-tech, and armor piercing, too."

Eugene says (10:37 PM):

Eugene swallows nervously

Project U says (10:37 PM):

*U shrugs  
somehow.*

Cruel Regulator says (10:38 PM):

So, erm, I guess there's nothing stopping everyone from going to the bank right now.

Yeah . . . you all go, including Snakeboy

Eugene says (10:38 PM):

woo snakeboy!  
i bought him guys

Cruel Regulator says (10:38 PM):

because you need the money for the double date

Eugene says (10:38 PM):

that was my decision

~°Δ°[[Espera] says (10:38 PM):

*And I am so proud of you*

Eugene says (10:38 PM):

Cruel Regulator says (10:38 PM):

as well as the money for . . . oh, something else. Something else that'll require condoms, which will be expensive . . . yeah.

~°Δ° [[Espera] says (10:38 PM):

*You stood up to that one chick*

Cruel Regulator says (10:38 PM):

Snakeboy is intensely seductive!

~°Δ° [[Espera] says (10:38 PM):

*Oh god the CONDOMS*

Eugene says (10:38 PM):

then tried to have sex with her but she left or something

Cruel Regulator says (10:39 PM):

He is also quite large, despite the fact that the human part of him looks like a 14 year old.

Eugene says (10:39 PM):

condoms are so nostalgic ;~;

~°Δ°[[Espera] says (10:39 PM):

*Oh I know D:*

Cruel Regulator says (10:39 PM):

He's about 7" tall

~°Δ° [[Espera] says (10:39 PM):

*I'm feeling all excited*

Cruel Regulator says (10:39 PM):

with 3" being the human torso head and limbs and 4" being just part of the snake the rest trailing behind him.

~°Δ° [[Espera] says (10:40 PM):

*You mean feet or inches?*

Cruel Regulator says (10:40 PM):

Feet, thank you.

~°Δ° [[Espera] says (10:40 PM):

*Because isn't ' feet*

Cruel Regulator says (10:40 PM):

7'

~°Δ° [[Espera] says (10:40 PM):

*yes*

Cruel Regulator says (10:40 PM):

and 3' and 4'  
Thanks

~°Δ° [[Espera] says (10:40 PM):

*ily hegely  
You're welcome*

Cruel Regulator says (10:40 PM):  
(I've been using " because I've been writing down ammo calibers )  
iru2  
Erm, yeah, the bank  
it's at the end of a street, actually.  
There's a T junction in one of the busier streets in one of the nicer parts of  
Cuerpo Amarillo.

Cruel Regulator says (10:41 PM):  
Actually, everything above the subway is a nicer part of Cuerpo Amarillo.

Project U says (10:41 PM):  
*Are we just walking up to it?*

Cruel Regulator says (10:41 PM):  
Yeah, pretty much.

Project U says (10:41 PM):  
*Can't I use my 2 points of Dance skill to sneak around?*

Cruel Regulator says (10:41 PM):  
well, you three, Punk Kid, and Snakeboy take the train most of the way . . .  
well, you can use your high DEX stat.

Project U says (10:42 PM):  
*Oh, right.*

Cruel Regulator says (10:42 PM):  
(There's a separate Stealth skill.)

Project U says (10:42 PM):  
*Well, I was thinking not so much sneak effectively, but y'know  
parodically*

Cruel Regulator says (10:42 PM):  
You can use your Contortion skill to slip into the bank's basement: there  
horizontal iron grates around little square pits

Cruel Regulator says (10:43 PM):  
so that light can get into the basement windows.

Project U says (10:43 PM):  
<3  
*Will that help?*

Cruel Regulator says (10:43 PM):  
You'll be separated from everyone else.

Eugene says (10:43 PM):  
turn sideways like paper mario!

Project U says (10:43 PM):  
*I could be a secret weapom  
n  
guys let's make a plan*

Cruel Regulator says (10:44 PM):  
Gimme a second to keep on explaining the bank . . .

Project U says (10:44 PM):  
*Oh, sorry.*

Cruel Regulator says (10:44 PM):  
The bank is a rather large, old building, despite Cuerpo Amarillo's small size  
there are big, grand stone steps that lead up to a single porge with single-story  
columns.

Cruel Regulator says (10:45 PM):  
The building itself is stone on the outside  
but the front door is glass.

~°Δ° [[Espera] says (10:45 PM):  
Hahaha

Project U says (10:45 PM):  
*What is a porge?*

Cruel Regulator says (10:45 PM):  
porch

~°Δ° [[Espera] says (10:45 PM):  
Oh, yeah

Cruel Regulator says (10:45 PM):  
You go into the front door which leads into a vestibule

~°Δ° [[Espera] says (10:45 PM):

porge

Cruel Regulator says (10:45 PM):  
and the vestibule locks and only allows a single person in or out.

Cruel Regulator says (10:46 PM):  
Standing on the outside, leaning against the bank wall next to the front door on the porch is a fellow wearing a blue SECURITY uniform  
inside, you can see through the glass doors, is a rather spacious room with lots of those little rope bar thingies for lines that lead up to the bank tellers who are behind bullet proof glass.

Project U says (10:46 PM):

*But I want to like, hide in the basement or whatever and then jump out a turn after the battle starts, or something*

~°Δ°[[Espera] says (10:47 PM):  
(Guys am I really that unoriginal)

Cruel Regulator says (10:47 PM):  
well, hmmm . . .

Project U says (10:47 PM):

*Wait, what?*

Cruel Regulator says (10:47 PM):

Erm, I'm trying to think of what should be in the basement rooms.

Cruel Regulator says (10:48 PM):

well, the basement windows are on the sides of the building.  
The bank building is in teh middle of a large loawn.  
the\*  
lawn\*

Project U says (10:48 PM):

*Who said you're unoriginal Bizz?*

~°Δ°[[Espera] says (10:48 PM):  
(I mean my character)

Eugene says (10:48 PM):

an alligator  
put an alligator

Cruel Regulator says (10:48 PM):

On the left leads into a brightly lit conference room that has several people all wearing suits.

Eugene says (10:48 PM):

in the basement

Cruel Regulator says (10:48 PM):

Five.

~°Δ° [[Espera] says (10:48 PM):

oh  
DO IT  
PUT AN ALLIGATOR

Cruel Regulator says (10:48 PM):

Only U can fit through the cracks

Project U says (10:49 PM):

~°Δ°[[Espera] says (10:49 PM):

do it u do it

Eugene says (10:49 PM):

oh my god

Cruel Regulator says (10:49 PM):

On the right are two bathrooms.

Eugene says (10:49 PM):

make snakeboy fight the alligator!

Project U says (10:49 PM):

*But Bizz, Epsera won a story contest  
er,  
erm\*  
Espera\**

Cruel Regulator says (10:49 PM):

Does U go into the basement, and if so, into the conference room, men's room, or women's room?

Cruel Regulator says (10:50 PM):

And for the people going into the main part of the bank, who goes in first?

~°Δ° [[Espera] says (10:50 PM):

Hmm

-pushes Eugene- You go first (:

Cruel Regulator says (10:50 PM):

Eugene enters the glass vestibule.  
The doors on either side of him lock.

Eugene says (10:50 PM):

Eugene steps forward BRAVELY

Cruel Regulator says (10:50 PM):

The vestibule fills up with a thick, noxious gas

Project U says (10:50 PM):

*U goes into the basement after taking time to fail to think of a letter to explain this miniplan*

Eugene says (10:51 PM):

well fuck : /

Cruel Regulator says (10:51 PM):

and lasers go up and down.  
Computer: SCANNING COMPLETE  
WE KNOW YOU ARE HEAVILY ARMED  
ROB THE BANK  
I DARE YOU

The door opens into the bank, and when Eugene steps into the bank lobby, it unlocks outside.

Eugene says (10:51 PM):

Do I die of the noxious gas?

I am confused

Cruel Regulator says (10:51 PM):

It just decontaminated you.

Eugene says (10:51 PM):

oh

Cruel Regulator says (10:51 PM):

It wasn't much worse than pool chlorine.

~°Δ° [[Espera] says (10:52 PM):

Chlorine's toxic though

Cruel Regulator says (10:52 PM):

well, it takes a large dose.

Eugene says (10:52 PM):

put an alligator in the basement!

Project U says (10:52 PM):

*I like this computer*

Cruel Regulator says (10:52 PM):

A man with a moustache waiting in line at the bank says  
"Did I hear a gentleman who proposes to procure an alligator?"

Eugene says (10:53 PM):

ALLIGATOR

Cruel Regulator says (10:53 PM):

He pronounces the tor in alligator like the word tour.

Project U says (10:53 PM):

*If U doesn't have to fight an alligator, he peers into the conference room to see if anyone is there before going in*

~°Δ° [[Espera] says (10:53 PM):

I

love

U

Cruel Regulator says (10:53 PM):

There are three women and two men wearing suits

Eugene says (10:53 PM):

Cruel Regulator says (10:53 PM):

looking at a sixth woman who is lecturing from a powerpoint.

Cruel Regulator says (10:54 PM):

She is holding a pointer stick in one hand and a laser pointer in the other. Would anyone like to follow Eugene?

Eugene says (10:54 PM):

((I think Rice-a-Roni should be a healing item))

Cruel Regulator says (10:54 PM):

Snakeboy is still wearing a gag. He is unable to fit into the vestibule.

Eugene says (10:54 PM):

((So we can be more working class Americacore))  
someone ungag my snake

~°Δ°[[Espera] says (10:55 PM):

I will  
follow Eugene

Eugene says (10:55 PM):

Eugene looks around and is alienated by the man talking about an alligator because he DOES NOT UNDERSTAND

Project U says (10:55 PM):

*Hegel*

Cruel Regulator says (10:55 PM):

Ah.

Eugene says (10:55 PM):

though he does feel an alligator would make this bank much cooler

Project U says (10:55 PM):

*I think I kept saying to ungag him before*

~°Δ°[[Espera] says (10:55 PM):

Yeah

Project U says (10:55 PM):

*but I was probably only thinking it*

~°Δ°[[Espera] says (10:55 PM):

I thought we ungagged him  
alkready

Project U says (10:56 PM):

*Anyway, U enters the conference room  
is there a free chair he can sit in?*

Cruel Regulator says (10:56 PM):

Punk Kid "I don't want him biting anyone, so my Clarissa-poo I mean my aunt created a new locking mechanism. Snakeboy is perfectly harmless." well, there's the chair that the woman doing the lecture was sitting in.

Cruel Regulator says (10:57 PM):

U slips through the cracks in the grate and then he opens the window and goes into the basement conference room. It's quite snazzy for being in a basement.  
Powerpoint woman: "Excuse me. who are you?"

Cruel Regulator says (10:58 PM):

(Also, the line in the bank is quite long, so the alligator seller with the mustache won't leave for some time.)

Eugene says (10:58 PM):

wait a guy's selling alligators

Cruel Regulator says (10:58 PM):

well, erm, no he didn't say that.

Eugene says (10:59 PM):

I thought he just mentioned them in passing

Cruel Regulator says (10:59 PM):

I was going to get to that  
and then I forgot that . . .

Eugene says (10:59 PM):

o

Cruel Regulator says (10:59 PM):

"Young lady, I am an allegator salesman."  
(emphasis on the 'tor' as in 'tour', once again)  
alligator\*

~°Δ° [[Espera] says (10:59 PM):  
 Espera pokes Eugene playfully

Cruel Regulator says (11:00 PM):  
**COMPUTER (to Espera): YOU HAVE A VERY LARGE SWORD  
 IT'S ALMOST AS GOOD AS A DILDO  
 MY SERVER IS IN THE BASEMENT  
 I WANT YOUR WOMANLY SOURCE CODE**

Project U says (11:00 PM):  
*U says "u" to explain to the woman who he is.*

Cruel Regulator says (11:00 PM):  
**(the computer sounds like a woman, mind you)  
 (my mom's in the room)**

Project U says (11:01 PM):  
*Is source code a euphemism?*

~°Δ° [[Espera] says (11:01 PM):  
 "Hm, machines..."

Cruel Regulator says (11:01 PM):  
**(she needed headphones)**

Eugene says (11:01 PM):  
<http://www.youtube.com/watch?v=53ff1qFOHmU> guys I want everyone to listen to this song because it is what comes to mind everytime I read Bizz's character's name srsly)

Cruel Regulator says (11:01 PM):  
**A man in the conference room screams "HOLY FUCK IT'S FROM EMERGING SCIENCE GET THE FUCK OUT"**

Cruel Regulator says (11:02 PM):  
**Everyone in the conference room except for Powerpoint woman dashes out.**

Project U says (11:02 PM):  
 "o"

Cruel Regulator says (11:02 PM):  
**"I didn't know that either. Gimme a second."  
 She presses a button on the wall near the door.**

~°Δ° [[Espera] says (11:02 PM):  
 (I can't listen to it right now, my mom will get pissed)

Cruel Regulator says (11:02 PM):  
**She also leaves and locks the door behind her and presses another button.**

Eugene says (11:02 PM):  
 (:~:)

Cruel Regulator says (11:02 PM):  
**Esperanza I think means spirit**

Cruel Regulator says (11:03 PM):  
**espera means waits**

Eugene says (11:03 PM):  
**(flip your mom off and yell UP THE PUNX)**

~°Δ° [[Espera] says (11:03 PM):  
 Espera can mean hopes or waits

Eugene says (11:03 PM):  
**Its supposed to be  
 LAST HOPE**

~°Δ° [[Espera] says (11:03 PM):  
 Esperanze can mean wish I think  
 and hope

Cruel Regulator says (11:03 PM):  
**Oh, oops.**

~°Δ° [[Espera] says (11:03 PM):  
 Esperanza\*

Project U says (11:03 PM):  
*(This is actually a classic moment for U's character. He just walks in and sits down, but it ends up as a conflict.)*

Cruel Regulator says (11:03 PM):  
**Spirit is something else . . .**

Eugene says (11:03 PM):

Cruel Regulator says (11:04 PM):  
 Powerpoint woman comes back in with a mind reading hat and puts it on U.  
 Upstairs, the computer speaks into the bank lobby over an intercom.  
 "WE REQUIRE THE ATTENTION OF TWO INDIVIDUALS.  
 IF THERE IS NONCOMPLIANCE  
 A SECOND HUMANOID WILL BE DESTROYED."

Project U says (11:04 PM):  
*"Mind reading as in allowing me to talk, or discovering the bank robbery plan?"*

Cruel Regulator says (11:05 PM):  
 As in talking.

Project U says (11:05 PM):  
 k  
*"Oh, these helmets are pretty neat."*

Cruel Regulator says (11:05 PM):  
 One of the black hemispheres on the ceiling in the bank lobby appears to not just  
 there to hide a security camera: it also contains a phaser weapon. It fires an  
 orange beam that looks kinda like TV static at the man with the moustache.

Cruel Regulator says (11:06 PM):  
 It hits him in the foot for 29 damage!  
 The bottom half of his body dissapears, killing him.

~°Δ° [[Espera] says (11:06 PM):  
 o.o  
 oh god

Project U says (11:06 PM):  
*"Wait, killing some random guy as a punishment for not turning your attention to something unspecified"*

Project U says (11:07 PM):  
*"that is pretty great."*

Cruel Regulator says (11:07 PM):  
 "WE ARE AWAITING THE NAMES OF THE HUMANIDS WHOSE ATTENTION IS REQUIRED  
 DOWNSTAIRS."

Eugene says (11:07 PM):  
 "Oh God what the fuck"

~°Δ° [[Espera] says (11:07 PM):  
 (Guys, my mom's going to yell at me to leave soon D: but not yet)  
 "Uh, what?"

Project U says (11:07 PM):  
 (D=)

Eugene says (11:07 PM):  
 "Espera we gotta get outta here!"

Cruel Regulator says (11:07 PM):  
 Powerpoint woman "who's accompanying you?"

~°Δ° [[Espera] says (11:07 PM):  
 "... HI, STRANGE COMPUTER!"

~°Δ° [[Espera] says (11:08 PM):  
 "Eugene where do we run to"

Cruel Regulator says (11:08 PM):  
 "Tell me there names. The computer is already killing people upstairs. She's  
 forceful like that. I told her to get you down here, but she doesn't have a  
 body: just those turrets and the intercom."

Eugene says (11:08 PM):  
 "Are we suppsed to talk to the computer? I don't get this"  
 their names ;D

Project U says (11:08 PM):  
*"Well, there's a girl named Espera, and something called Eugene or Martha, depending on who you ask."*

~°Δ° [[Espera] says (11:08 PM):  
 "I dont get it either..."

Cruel Regulator says (11:09 PM):  
 Computer "WOULD THE GUARDS PLEASE ESCORT THE INDIVIDUALS NAMED  
 EUGENE  
 AND  
 MARTHA  
 TO THE SOUTH BASEMENT CONFERENCE ROOM?"  
 Erm, now my mom needs me again.

Sorry.  
Oh, nevermind.  
She's fine.  
So yeah, no lawlberb . . .

Eugene says (11:09 PM):

"I am Eugene and Martha!"  
"Wait I should not have said that out loud maybe"

Cruel Regulator says (11:10 PM):

Five skinhead bank patrons turn to look at Eugene. They appear to be angry.

Eugene says (11:10 PM):

"Oh fuck oh fuck"

~°Δ°[[Espera] says (11:10 PM):

"WHY DO YOU HATE ME"

Eugene says (11:10 PM):

"The Hell is this shit."

Cruel Regulator says (11:10 PM):

"DID I SAY SOMETHING THAT MIGHT GET SOMEONE IN TROUBLE?  
THERE IS ALSO A GIRL NAMED ESPERA.  
BRING HER TO THE CONFERENCE ROOM  
TOO"

~°Δ°[[Espera] says (11:10 PM):

"MY NAME IS ESPERA AND I JUST WANT LOOOOOOVE"

Eugene says (11:11 PM):

Eugene grabs Espera's hand and holds onto it FIRMLY

Cruel Regulator says (11:11 PM):

The guards immediately crowd around Espera and Eugene while the computer aims laser pointers at the two of you.

Project U says (11:11 PM):

*"Hmm... based on that commotion up there, maybe I shouldn't have said their names."*

Eugene says (11:11 PM):

"We're going down, down, in a merry go round, cuz honey we're going down shokin"

~°Δ°[[Espera] says (11:11 PM):

"Eugene, I didn't think it would end like this"

Cruel Regulator says (11:11 PM):

Powerpoint woman "If you didn't tell me, the computer would have started killing at random, and the building's doors would have remained locked."

Eugene says (11:11 PM):

Eugene rolls his tongue 'gainst his cheek thinking of the clever pop culture reference he just ironically made

Cruel Regulator says (11:12 PM):

"well, kept on killing at random . . . "

~°Δ°[[Espera] says (11:12 PM):

"I wanted a hot Spanish chick first D:"

Project U says (11:12 PM):

*"Ah. Never mind then."*

*"What exactly are you trying to accomplish, though?"*

Cruel Regulator says (11:12 PM):

The guards escort Eugene and Espera to an elevator.

Project U says (11:12 PM):

*"This is all rather sudden."*

Eugene says (11:12 PM):

. . . Where is Snakeboy? ;~;

~°Δ°[[Espera] says (11:12 PM):

"Elevators!"

Cruel Regulator says (11:12 PM):

Powerpoint woman "That's a very good question."

Eugene says (11:12 PM):

huhuh

Snakes and elevators

~°Δ°[[Espera] says (11:13 PM):

"I'm uncomfortable with elevators after that Asian doctor was decapitated by one, you know"

Cruel Regulator says (11:13 PM):  
Powerpoint woman "You're hot technology. You see, what a bank does, is it spends the money you put in it."  
The elevator only goes down like a story and a half.

~°Δ° [[Espera] says (11:13 PM):  
"I never said I wouldn't go on it"  
"Silly"

Eugene says (11:14 PM):  
"Where is Snakeboy? ;~;"

Cruel Regulator says (11:14 PM):  
"Who?" says a guard.

Eugene says (11:14 PM):  
Eugene does little "worried" gestures with his mouth in order to say ";~;"

~°Δ° [[Espera] says (11:14 PM):  
oh god I have to go

Eugene says (11:14 PM):  
"I was asking that retorically to the general world, not you."

Cruel Regulator says (11:14 PM):  
Another says "Missy, you know an elevator isn't so uncomfortable when old Jackson is in it."

Project U says (11:14 PM):  
D=

Eugene says (11:14 PM):  
Oh God Bizz ;~;

Project U says (11:14 PM):  
ily Bizzzzzzzzzzzzzzzzzzzz

Eugene says (11:14 PM):  
D= is right

~°Δ° [[Espera] says (11:14 PM):  
I'm sorry guys D:

Cruel Regulator says (11:14 PM):

Cruel Regulator says (11:15 PM):  
\*glomp\*

~°Δ° [[Espera] says (11:15 PM):  
ILY GUYYYYYYYYYS

Project U says (11:15 PM):  
<3

Cruel Regulator says (11:15 PM):  
(erm, Jackson politely lets you two into the conference room)

~°Δ° [[Espera] says (11:15 PM):  
<3

Cruel Regulator says (11:15 PM):  
(The other three guards nearby.)

Eugene says (11:15 PM):  
(Wait, maybe its "sugar we're going down swimming")  
(I couldn't remember so I just said "Shookin")

~°Δ° [[Espera] says (11:15 PM):  
Let me know what goes on without me D:

Eugene says (11:15 PM):  
(Cuz y'nkow that sounds funny  
)

Cruel Regulator says (11:15 PM):  
Oh, wait, I know!  
Actually!

Eugene says (11:15 PM):  
D:

Cruel Regulator says (11:15 PM):  
Jackson feels pitty on Espera

Cruel Regulator says (11:16 PM):  
and so he leads her to the stairs

and all of the action that will happen now

~°Δ° [[Espera] says (11:16 PM):  
*pity\**

Cruel Regulator says (11:16 PM):  
 (thank you)  
 Eugene and U in the room

~°Δ° [[Espera] says (11:16 PM):  
 (you're welcome)

Cruel Regulator says (11:16 PM):  
 while he's busy trying to find where the hell the stairs are in the building.  
 Yeah!  
 So the other three guards (Jackson is alone with Espera) show Eugene into the room with U.

Cruel Regulator says (11:17 PM):  
 And they close the door behind U and Eugene.

Eugene says (11:17 PM):  
 "Hello, U"

Project U says (11:17 PM):  
 "k"  
 "Oh, wait, I can talk."  
 "Yo."

Eugene says (11:17 PM):  
 Eugene is IN AWE

Eugene says (11:18 PM):  
 "Oh, hey, this is crazy."  
 "What's up?"

Project U says (11:18 PM):  
 "Ask her."

Eugene says (11:18 PM):  
 Euegen asks her

Project U says (11:18 PM):  
 (points at lady)

Cruel Regulator says (11:18 PM):  
 Powerpoint woman "while the other girl is busy getting the sweet sugar nigger treatment from Jackson, I would like to talk business."  
 "Don't say 'what's up'. That's something \_he\_ would say."  
 Computer "SHE IS MERELY JEALOUS OF ESPERA"

Project U says (11:19 PM):  
 "Well, who can blame her."

Cruel Regulator says (11:19 PM):  
 Powerpoint woman "Anyways, my name is Ms.Win. It's nice to meet you."  
 She puts out her hand somewhere between where U is sitting and Eugene is standing.  
 She looks for a second at U and then moves it to Eugene.

Project U says (11:20 PM):  
 Wait, am I in a swivel chair?

Cruel Regulator says (11:20 PM):  
 Yeah.

Project U says (11:20 PM):  
 "Oh, hey, this chair spins."  
 U spins around in it

Eugene says (11:20 PM):  
 Eugene shakes hand

Project U says (11:20 PM):  
 USING HIS DANCE STAT OF 2

Cruel Regulator says (11:20 PM):  
 YAY!

Cruel Regulator says (11:21 PM):  
 You get an unlucky roll of 6 and your TECH stat is 2  
 so the woman is unimpressed

Eugene says (11:21 PM):  
 "Black dicks are overrated, anyway" Eugene says coyly in a whisper to Ms. Win in a WOMAN TO WOMAN moment.

(Lewot I smiled)

Cruel Regulator says (11:21 PM):

and takes that as a Project U's equivalent of handshake.

Eugene says (11:21 PM):

;-;

Cruel Regulator says (11:22 PM):

"Oh, Mizz Martha, I know what you mean. All of my friends love black men."

"They're just niggers."

"But please, sit down."

(You may spend 5 Luck points to make her smile and clap.)

(Erm, U can.)

Project U says (11:23 PM):

*Nah.*

Cruel Regulator says (11:23 PM):

(You had an unlucky roll.)

Project U says (11:23 PM):

*He is not interested in impressing racists*

Cruel Regulator says (11:23 PM):

Yeah!

"Anyways, banks don't actually keep money. All the money that you keep with us we immediately spend."

Eugene says (11:23 PM):

Cruel Regulator says (11:24 PM):

"Originally, we mainly lent out that money to people buying houses our cars unless they had flat rooves i.e. were niggers."

"But now, after recent government deregulations, we've been able to invest in startup companies."

Project U says (11:24 PM):

*I think it's just "roofs"*

Project U says (11:25 PM):

*but I'm not really sure :/*

Eugene says (11:25 PM):

(I think its rooves)

(Guys if a brb to bathroom can Lewot make all important decisions?)

(I brb)

Cruel Regulator says (11:26 PM):

"After further deregulation, we've been able to buy company stocks from larger existing publically traded companies, rather than waiting for risky startup firms to come to us begging for capital."

"We need to know if there is anything at all we need to know about the Emerging Science corporation."

Eugene says (11:26 PM):

(guys srsly)

Project U says (11:27 PM):

*(yes fine)*

Eugene says (11:27 PM):

(okay brb)

Cruel Regulator says (11:27 PM):

"As a product of Emerging Science, I hope that you have a good level of knowledge about teh corporation, right?"

"Oh, Mizz Martha, the bathroom is down the hall."

"To your left out the door, then on the right side of the corridor."

(That's not the bathroom through which U could have entered.)

Project U says (11:28 PM):

*"Well, the thing is, I'm actually a product of the two independent scientists whose research was the foundation of Emerging Science."*

*"And I spent a good year on another planet, so my knowledge is limited."*

Cruel Regulator says (11:29 PM):

(By the way I actually do know that. I'm just intentionally making her quite unaware. She didn't know what U was until all the other employees fled.)

Project U says (11:29 PM):

*(Oh, yeah, I know.)*

~°Δ°[[Espera] has left the conversation.

Cruel Regulator says (11:31 PM):

U is just barely able to remember that Emerging Science is about create a coup d'etat or however you spell it in the US, so that the new government it will set up will end the stock market in order to get Emerting Science's stocks off of the public market so that it doesn't have to pay dividends, but it in the meanwhile it will attempt to buy its own stocks to artificially raise the prices so that everyone else will be buying their stocks like crazy giving them large amounts of free capital!

Cruel Regulator says (11:32 PM):

So far, the stocks are rising, and there will be not even a crash of Emerging Science's stocks, but a removal of all stocks from the New York Stock Exchange, leaving Emerging Science stocks worthless after their planned takeover of America.

Cruel Regulator says (11:33 PM):

(U was kept as a guard with one of the original scientists because he was afraid of the company's board of trustees. Yeah.)  
(So he heard all of that at a meeting.)

Project U says (11:33 PM):

*Well*

Cruel Regulator says (11:33 PM):

(If you got an unlucky intelligence roll lower than 15 + INT of 7, you would've had to have spent luck points.)

Project U says (11:33 PM):

*in the game The Scientists die as U is being activated*

Cruel Regulator says (11:33 PM):

SHHH

Project U says (11:33 PM):

*but like*

Cruel Regulator says (11:34 PM):

Alternate universe?  
Or . . . some other scientist came in  
picked up all the notes and U

Project U says (11:34 PM):

*how about they brought his inactivated matter to a meeting and now he somehow remembers it*

Cruel Regulator says (11:34 PM):

and then started Emerging Science?  
Oh, oh!  
Actually, that works better.  
Yeah.

Project U says (11:34 PM):

*See, you can make it work if you actually try.*

Cruel Regulator says (11:34 PM):

Thanks

Cruel Regulator says (11:35 PM):

(And after being brought to meetings, he has a strange affinity for office chairs!)

Project U says (11:35 PM):

*This brain helmet helps him remember, maybe?*

Cruel Regulator says (11:35 PM):

Yeaaah.  
Yah!  
Yeah!\*

Cruel Regulator says (11:36 PM):

But you have not told her any of this by way of the brain helmet.

Eugene says (11:36 PM):

hi

Project U says (11:36 PM):

*Well, the problem is, I don't understand it very well*

Cruel Regulator says (11:36 PM):

"Oh, Mizz Martha, how were our corporate bathrooms?"

Cruel Regulator says (11:37 PM):  
 (Erm, the point is that Emerging Science stocks will dissappear from the market after being jacked up for a while, leaving them worthless.)  
 "People, you need to tell me if its safe to invest in Emerging Science stocks."  
 "I mean, look at this powerpoint!"

Cruel Regulator says (11:38 PM):  
 This entire time, the projector was showing a graph with the ziggzaggy line going mainly up and to the right.

Project U says (11:38 PM):  
*"Hmm... you know what, I'm getting something..."*

Cruel Regulator says (11:39 PM):  
 "If you can reassure me that Emerging Science stocks aren't a bubble about to pop, we'll give you half of the profits the bank makes on it."

Eugene says (11:39 PM):  
 I love how you do this, Hegel

Project U says (11:39 PM):  
*"Actually, I think they will pop."*

Cruel Regulator says (11:39 PM):  
 (I was hoping you wouldn't help the racist )

Cruel Regulator says (11:40 PM):  
 (You sellout!)

Project U says (11:40 PM):  
 Oh...

Cruel Regulator says (11:40 PM):  
 "Tell me!"  
 "I'll pay you if you're right, too."

Project U says (11:40 PM):  
*I kinda forgot that in the excitement of working out the plot*

Eugene says (11:40 PM):

Project U says (11:40 PM):  
*But like, this is U thinking to himself, but since the helmets project his thoughts, they hear it anyway?*

Cruel Regulator says (11:41 PM):  
 Oh . . . oh . . . hmm.  
 I guess it just projects the thoughts that you make as words to be said?  
 And it was originally designed for people whose voices were shot or who were too paralyzed to talk, as opposed to for general mindreading?

Eugene says (11:41 PM):  
[http://local-static1.forum-files.foobby.net/forum\\_attachments/0023/2431/flintandhinawa1.gif](http://local-static1.forum-files.foobby.net/forum_attachments/0023/2431/flintandhinawa1.gif)

Cruel Regulator says (11:42 PM):

Project U says (11:42 PM):  
*Well, let's just assume that U explains what he remembers of the plot, but pretty poorly then he remembers she's racist*

Project U says (11:43 PM):  
*but like, he's sort of trying to see what she'll say next*

Cruel Regulator says (11:43 PM):  
 "well, that sounds like utter bullshit. I mean, looking at Emerging Science's profit reports, they couldn't even fund a coup in Bolivia!"  
 "Ohoh."

Cruel Regulator says (11:44 PM):  
 "AHAHAHAH"  
 "HEEEHAAHAHA!!!"  
 (I keep forgetting about that smily)

Project U says (11:44 PM):  
*What is it from?*

Cruel Regulator says (11:44 PM):  
 I think it's from anchorman.  
 BK, here's your opportunity.  
 To make her believe U's story.

Cruel Regulator says (11:45 PM):  
 Powerpoint woman "I'm gonna enjoy killing you lieing sons of bitches."  
 lying\*

Eugene says (11:45 PM):

uhh

I don't

umm

Project U says (11:45 PM):

*"What an uncommon reaction."*

Cruel Regulator says (11:45 PM):

**You can try to seduce her!**

Eugene says (11:45 PM):

How do I

Oh

"Hey babby"

Eugene says (11:46 PM):

"You wanna do way instain MY mother? ;D"

No he does not say that I was speaking merely in jest!

Umm

Yeah Eugene seduces her

And she believes him mmhm!

And that's really all there is to say on the matter.

Cruel Regulator says (11:46 PM):

**what do you say?**

Eugene says (11:46 PM):

Umm

Well, what would turn me on?

Project U says (11:47 PM):

*You take the ability to talk for granted, Mr. Kara.*

Eugene says (11:47 PM):

"Hey, take off your clothes, I'm gonna start choking you."

(Lewot:)

Cruel Regulator says (11:47 PM):

**Powerpoint woman grabs her long, thin, wooden pointer**

Cruel Regulator says (11:48 PM):

**and she smakes Eugene across the ass for 11 Stun and 2 Hits!**

**Erm, she hits by 2.**

Eugene says (11:48 PM):

"Oh, you like it that way?"

Project U says (11:48 PM):

*That is actually pretty great*

Cruel Regulator says (11:48 PM):

**You can use Luck.**

Eugene says (11:48 PM):

"I can do it that way "

Cruel Regulator says (11:48 PM):

**"I like a fiesty girl."**

Project U says (11:49 PM):

*but it's smack*

Eugene says (11:49 PM):

"I bite back"

Project U says (11:49 PM):

*not smake*

Eugene says (11:49 PM):

(This is so pleasantly awkward )

Cruel Regulator says (11:49 PM):

**She attempts to tackle Eugene!**

**Do you let her tackle you, or do you dodge?**

Eugene says (11:49 PM):

((But did anyone get the "do way instain my mother bit???)

Cruel Regulator says (11:49 PM):

**Unless Eugene or U take a turn.**

Eugene says (11:49 PM):

Hmm  
I can't tell

Eugene says (11:50 PM):  
IF I'm supposed to fight her  
Or try to get her to have sex with me.

Cruel Regulator says (11:50 PM):  
You can let her take you down

Eugene says (11:50 PM):  
I'm pretty sure this is the first time I've played a game where I faced this dilemma.  
Okay sure  
I have to go in 10 minutes tho

Cruel Regulator says (11:50 PM):  
She does 1 Hits and 9 Stun, this time, and Eugene is also in her grappling hold  
and cannot take a turn!

Cruel Regulator says (11:51 PM):  
Does U do anything for Player Phase 2?  
Eugene: Hits: 22/25, Stun: 5/25, PSI: 12/12, Luck: 13/13r

Project U says (11:51 PM):  
*He rolls his chair somewhat away and contemplates quantum physics.*

Cruel Regulator says (11:51 PM):  
Enemy Phase 3:

Eugene says (11:52 PM):  
Can I nibble on her ear?  
That sounds like a good seduction attack imho

Cruel Regulator says (11:52 PM):  
You may only attempt to escape her grapple.

Eugene says (11:52 PM):  
But the grapple  
Is what make it sexy

Cruel Regulator says (11:52 PM):  
She has your face in the carpet.  
You cannot move, really.  
She has your hands behind your back with one of her hands

Eugene says (11:52 PM):  
We're already in intimate physical contact

Cruel Regulator says (11:52 PM):  
she his holding your head down with her face

Eugene says (11:53 PM):  
I need to make an advance and not break away from it

Cruel Regulator says (11:53 PM):  
and you don't want to know what she's doing with her other hand.

Eugene says (11:53 PM):  
;D  
yes i do giggle

Cruel Regulator says (11:53 PM):  
Okay, you do nothing  
Enemy phase 3!  
She rams her pointer stick up Eugene's ass!  
She gets a low roll, only doing 2 Stun  
Eugene: Hits: 22/25, Stun: 2/25, PSI: 12/12, Luck: 13/13r

Cruel Regulator says (11:54 PM):  
Player Phase 3  
Oh, Eugene can also use PSI while on the ground.

Project U says (11:54 PM):  
*U spins his chair.*

Eugene says (11:54 PM):  
I like how

Eugene says (11:55 PM):  
Rectal penetration does the lowest amount of damage  
What  
PSI move do I have

That is sexy?

Cruel Regulator says (11:55 PM):  
(She had an unlucky roll! They're all four six sided dice.)  
Um, you have Beam, I guess.

Eugene says (11:55 PM):  
Fuckit Beam.  
Beam her.  
Fuck Eugene's labido

Cruel Regulator says (11:55 PM):  
Eugene tries PSIBeam!  
You deal 19 damage!

Eugene says (11:55 PM):  
(biddle biddle boop)

Cruel Regulator says (11:56 PM):  
Half of her torso is vaparized!

Eugene says (11:56 PM):  
(pa kow pa kow)

Cruel Regulator says (11:56 PM):  
She is now bleeding to death.

Eugene says (11:56 PM):  
"We can still make this work, right?"  
"... I thought you liked violence. I was just trying to be kinky. "

Cruel Regulator says (11:56 PM):  
(She's also KOed)  
(Only U has LifeUp)

Eugene says (11:56 PM):  
((If you take this scene entirely out of context its pretty fun))

Eugene says (11:57 PM):  
"Also where the Hell is Snakeboy? "  
((And I have to go soon y'know))

Project U says (11:57 PM):  
Oh, right.

Cruel Regulator says (11:57 PM):  
U heals 29 HP  
maxing her out!

Project U says (11:57 PM):  
er

Cruel Regulator says (11:57 PM):  
Oh, no?  
Sorry.

Project U says (11:57 PM):  
well

Cruel Regulator says (11:57 PM):

Project U says (11:58 PM):  
I don't know if BK wants me to or not

Cruel Regulator says (11:58 PM):  
That sounds like a good idea, not healing her!  
She continues to bleed for 1 damage.

Eugene says (11:58 PM):  
Umm  
Maybe we shouyld heal her?  
I am still confused  
Or we can just stop here  
Since I have no time

Cruel Regulator says (11:58 PM):  
Oh, hmm, right.  
Okay.

Eugene says (11:58 PM):  
And Bizz can come in

Cruel Regulator says (11:58 PM):

*¡Compra!*

Eugene says (11:58 PM):

*At an awkward moment*

Cruel Regulator says (11:58 PM):

*Yeah*

Eugene says (11:58 PM):

*And help us come up with a solution*

*See it'll be a fun scene*

Eugene says (11:59 PM):

*Okay good night guys*

Cruel Regulator says (11:59 PM):

Project U says (11:59 PM):

*Comb-praw.*

Eugene says (11:59 PM):

*FRIENDS*

*Eugene has left the conversation.*

Project U says (11:59 PM):

*Oh, Chippy's still here.*

Cruel Regulator says (11:59 PM):

*For me she appears to be offline.*

*Erm, but still in the convo . . .*

Grate Oracle Lewot says (12:00 AM):

*Yeah, I think that's the same as mine.*

Cruel Regulator says (12:00 AM):

*Hmmm.*

*(Oh, also, U has 31 OP.)*

Grate Oracle Lewot says (12:01 AM):

*Hmm.*

Cruel Regulator says (12:01 AM):

*(Including the +16 from this game.)*

Grate Oracle Lewot says (12:01 AM):

*Yes.*

Cruel Regulator says (12:01 AM):

*You know, this did not go at all as I planned.*

Grate Oracle Lewot says (12:01 AM):

Cruel Regulator says (12:01 AM):

*The only thing which I had planned was damage amounts of the turret*

*I did not expect there to be a computer*

*or a conference room*

*or Powerpoint woman.*

Grate Oracle Lewot says (12:02 AM):

*That's the fun of it, isn't it?*
