

Cruel Regulator says:

Erm, yeah, so like, recap
you defeated the Human Stickman Ambassador
he has incredible teleportation powers, though, and he was teleported
away
and then teleported back after getting healed, wherever he was.

Grate Oracle Lewot says:

*I hit him with a fire pathogen, though, right?
Like, his condom.*

~°Δ°[[Bizzzz] says:

And I was somewhere else at the time
which makes me uncool~

Cruel Regulator says:

Oh, yeah, right, condoms. I'm making new condom rules:
elemental attacks ignore condoms

Grate Oracle Lewot says:

Hmm.

Cruel Regulator says:

all the damage of non-elemental attacks do go to the condom, though.
baseball bat,
whoa, that's still in my clipboard.

~°Δ°[[Espera] says:

Hahahaha

Grate Oracle Lewot says:

Heheh.

~°Δ°[[Espera] says:

I actually laughed and
almost choked on a pistachio
god, my windpipe

Cruel Regulator says:

Mmmm, pistachio.

Grate Oracle Lewot says:

My mom made pistachia pudding

~°Δ°[[Espera] says:

i love it too much to kill it

Cruel Regulator says:

what's even better would be choking on a HOT DICKING.

Grate Oracle Lewot says:

erm, pistachio

~°Δ°[[Espera] says:

pistachia
Reminds me of that guy who typo'd 'tilde' as 'tilda'

Cruel Regulator says:

Erm, so yeah, like, they had to fight him to prove to him that that
the Strawberry Separatists are worthy of help from the Stickman
Army.

I had thought it was tilda for quite a long time
Pistachias are the more sensitive, feminine kind of pistachio.

Grate Oracle Lewot says:

*Like me
well
no wait
I'm a robot.
But a wimpy one.*

~°Δ°[[Espera] says:

I am oversensitive female

Cruel Regulator says:

Erm, but yeah, he has claimed that he has teleported Evil Boomboxes into the Strawberry Separatists base.

Grate Oracle Lewot says:

I am oversensitive yet emotionless robot wimp.

Cruel Regulator says:

Evil Boomboxes are autohit psychic damage weapons (so they ignore armor and instead have to go through Resistance) that hit everyone in the room who is not a stickman.

~°Δ°[[Espera] says:

who spends an hour on her hair every morning

Grate Oracle Lewot says:

Yes, I do.

Cruel Regulator says:

He has also mailed over Free Will Release contracts that can be filled out and signed

~°Δ°[[Espera] says:

noo, i do

i spent like almost an hour curling it

but erm

yeah, I'm listening

Cruel Regulator says:

and all individuals who fill out and sign the Free Will Release will get teleported to a Stickman facility where they will be converted into Stickmen, where they will be physically stronger and better trained. They'll also be immune to the Evil Boomboxes.

Grate Oracle Lewot says:

Wait, Bizz, do you know what a Vidal Sassoon is? There's one in the bathroom and I cannot for the life of me figure out what it does

Cruel Regulator says:

And then they'll get teleported back to the Strawberry Separatists where they'll help the Strawberry Separatists fight the Spanish Government but then they'll be stuck as Stickmen forever.

~°Δ°[[Espera] says:

It's a brand of hairdriers, isn't it?

I know that we have one

Grate Oracle Lewot says:

Well, it looked different

~°Δ°[[Espera] says:

My brand of straightener is amika, though, if I remember it right <_<

Grate Oracle Lewot says:

but "Vidal" and "Sassoon" are not words as far as I'm aware

~°Δ°[[Espera] says:

well

it's a brand of hair things

not like a particular thing

Grate Oracle Lewot says:

but sorry I'll stop interrupting

~°Δ°[[Espera] says:

Yeah me too

just keep going, Hegel

Cruel Regulator says:

Human Stickman Ambassador "There is no reason not to sign. I know that some humans don't like the idea of losing all individuality, but really, individuality is bad. I wish I could be a stickman like the rest of them. You'll be happy you sign the contract. And you'll be doing it for a good cause: for Strawberries."

Grate Oracle Lewot says:

U does not want to be a Stickamoeboid

Cruel Regulator says:

(/recap)

~°Δ°[[Espera] says:

Neither does Espera~

Grate Oracle Lewot says:

Oh

he's not a Stickman himself?

Cruel Regulator says:

well, he's able to talk and listen.

Oh, hmmm, I never actually described him at all . . .

well, I mean, I guess.

~°Δ°[[Espera] says:

Cruel Regulator says:

He looks like a stickman
but yeah, he has a perosnality
he isn't really one of them.
He has eyes, ears
overall he has a face.

Grate Oracle Lewot says:

Okay.

BK should listen

Cruel Regulator says:

HSA "Well, you might even get to see me again if you sign the papers.
Hasta luego."

HSA appears to no longer be in the room.

~°Δ°[[Espera] says:

Cruel Regulator says:

Oh, also, you hear the sounds of footsteps.

~°Δ°[[Espera] says:

gasp

Cruel Regulator says:

An extremely buff man in a matador costume and a physically smaller
but highly stable woman
well, actually, he's in his twenties
she looks like a teenager.
They bust into the room
from the lobby doors.

~°Δ°[[Espera] says:

insert tilde here

Grate Oracle Lewot says:

U does some kind of cool attention-redirection flip using his Dance stat.

Cruel Regulator says:

Buff Man "Silvia, I think they've already succeeded."

~°Δ°[[Espera] says:

Espera TURNS ABOUT DRAMATICALLY

Cruel Regulator says:
Young Woman "Hey, which one of you is the leader!"

Grate Oracle Lewot says:
Er, who is?

~°Δ°[[Espera] says:
uhhaaa

Cruel Regulator says:
Clarissa is

Grate Oracle Lewot says:
U does not like Clarissa

Cruel Regulator says:
she has been asleep during the last two game sessions

Grate Oracle Lewot says:
nor BK who is not talking

Cruel Regulator says:
and only just woke up

~°Δ°[[Espera] says:
Espera should fake it and say she is

Cruel Regulator says:
(well, at the end of the last session)

~°Δ°[[Espera] says:
just kidding~
I'm too used to mafia games

Cruel Regulator says:
The buff man has a chainsaw strapped to his back and the young woman
has what appears to be an eight foot long sword.

~°Δ°[[Espera] says:
mmmm
eight feet long

Eugene says:
((Lewot))

Cruel Regulator says:
It's not in a normal sheath, though. It's too long to be pulled out.
The sheath has hinges all along itself. The sword is totally
straight.

Eugene says:
(shhhh)
((I lie wait B^ o))

Grate Oracle Lewot says:
((What?))

~°Δ°[[Espera] says:
what

Cruel Regulator says:
Young woman "Fuck, we're too late. How many grunts did they kill?"

Eugene says:
((You called me out for not talking and I'm just, y'know))

~°Δ°[[Espera] says:
"Holy god you're pretty"

Grate Oracle Lewot says:
Oh, we're--I was picturing us back at the base for some reason

Cruel Regulator says:
The buff man begins advancing towards Espera

~°Δ°[[Espera] says:

Espera backs away?
depends on how fast he's going

Cruel Regulator says:

Buff Man "Well, hello there, young lady. You know, you shouldn't be messing with those dangerous stickmen."

~°Δ°[[Espera] says:

"Uh, well, they are kind not my type of company"
(please pardon my typos)
"And who might you be, hm?"

Cruel Regulator says:

Young Woman "He's Silvio. He's my gay best friend."

~°Δ°[[Espera] says:

Cruel Regulator says:

Clarissa "And you, Silvia, are one of the top people in Spain's opposition to the Strawberry Separatists."

~°Δ°[[Espera] says:

oh god now I'm thinking of that opera
"Wait--"
"oh my god Silvia hi"

Cruel Regulator says:

Punk Kid let out a huge sigh of relief after hearing that Buff Man is gay.
Young Woman "Hey. Are you the leader?"

~°Δ°[[Espera] says:

"SILVIA I AM CONFESSING MY LOVE TO YOU RIGHT NOW"

Cruel Regulator says:

Silvia's eyes suddenly widen.
She turns to Clarissa

Eugene says:

How incredibly ironic
((punk's relief that is))

Cruel Regulator says:

~°Δ°[[Espera] says:

AHAHAHAHAHAHA

Cruel Regulator says:

Young Woman "Oh, I remember, now, it's you, in the lab coat, you're the one who leads them. A woman of science, you are."

~°Δ°[[Espera] says:

I ALMOST SAID THAT

Cruel Regulator says:

Punk Kid is completely paralyzed.

Grate Oracle Lewot says:

Erm, U is somehow assuming a stance similar to that of Luigi in Partners in Time when he doesn't have his baby self on his back, but none of you probably know this stance so it's irrelevant.

Cruel Regulator says:

Young woman walks past where everyone is standing, away from the door back into the hotel lobby, but to the banquet hall's kitchen.

~°Δ°[[Espera] says:

Espera doesn't say anything because she will be ignored as always

Cruel Regulator says:

Young Woman "Silvio, call HQ and ask for them to bring subject three-
oh-oh-A
"

Grate Oracle Lewot says:

Erm, U perks up because this somewhat resembles his name.

Cruel Regulator says:

Punk Kid finally begins walking towards Espera and says "You really had me fooled there for a minute. I mean, she is almost as pretty as you, but she, you know, is a girl."

Silvia "Okay, guys, we're going to bring in the reason why you shouldn't try to avoid government regulation."

~°Δ°[[Espera] says:

"But she has been my self-proclaimed rival for forever"

"And she never did pay attention to me"

Cruel Regulator says:

Silvia begins to speak a bit louder to talk over Espera.

~°Δ°[[Espera] says:

"AND SHE NEVER DID PAY ATTENTION TO ME"

"mmm spanish women"

Cruel Regulator says:

Silvia "Since it looks like you've already cut a deal with the Stickmen, I guess I need to tell you that we're fighting a war on two fronts. The stickmen are teleporting in and attacking various major government institutions and facilities."

Silvia "They go after our schools, our post offices, they've nuked the entire Basque region."

Silvia "Yes, nuked. The Stickmen are Americans."

~°Δ°[[Espera] says:

Gasp

Grate Oracle Lewot says:

U bows to show his agreement that the Stickmen are bad, then forms the pathogens in his belly into a crude picture of a strawberry to explain the reason for his resistance.

Eugene says:

~°Δ°[[Espera] says:

Awwww <3

Cruel Regulator says:

Silvia "They're just toying with you and they're toying with us. They can do anything they want to to any part of the world, but they're targeting us, the government, because we've been putting tariffs on various products that they produce."

Silvia "Well, actually, we've banned half of the fucking retarded shit that comes out of the record studios of their leader, M.C.Janxin."

~°Δ°[[Espera] says:

(I imagine Silvia's voice the whole time I read this)

Cruel Regulator says:

Silvia "I mean, you understand how frustrated I am, right?"

Grate Oracle Lewot says:

"c"

~°Δ°[[Espera] says:

"Well, I see what you're getting at. I never really enjoyed that evil boombox shit either"

Grate Oracle Lewot says:

U's strawberry pulses.

~°Δ°[[Espera] says:

"But everyone knows all Americans are evil"

~

Cruel Regulator says:

Silvia "So, you know what? I'm getting desperate. If you people somehow find a way to stop the stickmen from teleporting into and within Spain, you people can import strawberries to your hearts desire."

~°Δ°[[Espera] says:

"So, are you saying that the Stickmen are an entirely new foe waiting to strike or are you just trying aiming to end the Strawberry cause as a whole?"

oh god lag lag lag so much

Grate Oracle Lewot says:

Erm, I suppose U stows his strawberry shape at this point.

Cruel Regulator says:

Silvia "I'll let you people have whatever you want if you just find a way to stop the teleportation. If your people were able to find out how to grow strawberries in the Spanish climate, then you probably have the brains to find out how to stop the teleportation, right?"

Silvia "Well, probably not, actually, but hey, it's worth a shot. we'll end strawberry tariffs if you can stop the stickmen from teleporting."

Silvia "Is that a deal?"

Grate Oracle Lewot says:

She's lying, right?

I mean, we should take the deal

but

Cruel Regulator says:

well, erm, I don't know

Grate Oracle Lewot says:

well, eh, what do I know.

Cruel Regulator says:

(I actually honestly haven't decided. I've been considering, but I'll probably decide later on by flipping a coin.)

Grate Oracle Lewot says:

U waits for the others to decide.

Cruel Regulator says:

Clarissa "Holy hands!"

Grate Oracle Lewot says:

<3

Cruel Regulator says:

She begins muttering to herself.

Grate Oracle Lewot says:

I love unusual and referential exclamations

Probably because I don't like swearing

~°Δ°[[Espera] says:

holy

gog

god*

so much lag

for a minute there

my msn froze for like

five minutes

I say we take the deal

<3~

Cruel Regulator says:

Clarissa says aloud "There is, in fact, a special crystal in the

mountains to the north, near the Basque region but hopefully not where the Stickmen sent in their bombs. If we can find this crystal, I can create a computer that scramble the calculations of the stickman sensors."

Grate Oracle Lewot says:

"Convenient," U thinks.

~°Δ°[[Espera] says:

more lag

Grate Oracle Lewot says:

Sorry, Bizz :/

~°Δ°[[Espera] says:

no, it's okay

it's just really irritating

it's doing it again

i can't even see myself typing this mess--okay it's done

Cruel Regulator says:

Clarissa "I'm guessing that the Stickmen probably have a sensor array back in the US. They have to be able to see everything so that they can decide on the coordinates to which they teleport. With this crystal we can create a device that will send a jamming signal to their Clairvoyance Scanners. They'll be able to teleport to set destinations if they build a telepad on the Spanish side, but those are easy to detect since they'll have to send a high-powered signal back to the US.

We'll have to go to the mountains.

Grate Oracle Lewot says:

"k"

U has climbed Mount Olympus previously.

~°Δ°[[Espera] says:

Whoa lag

Anyway

"Yay that sounds fun but I"

"I love you"

Grate Oracle Lewot says:

Erm, Mt. Olympus. Abbreviated, like Dr. Zeus

~°Δ°[[Espera] says:

"Why don't you love me"

Cruel Regulator says:

Punk Kid "She's my girlfriend, back off! And she's underage."

~°Δ°[[Espera] says:

"wait who"

Cruel Regulator says:

Punk Kid "You are, Espera. Espera, the one who waits for me."

Silvia "Oh, you little boys and your girlfriends."

~°Δ°[[Espera] says:

"But I also hope, too"

"You forget the double meaning"

(I actually meant to imply that at the end of her story too <___<)

Cruel Regulator says:

(Silvia, is, of course, a teenager herself, but Punk Kid is like only 17 . . . or did I specify 16?)

Eugene says:

((guys i have been talking to people unrelated to this and must KETCHUP))

((i read holy hands somewhere tho aww golly!!))

Cruel Regulator says:

Clarissa "Silvia, if we can have a cease-fire, will you provide us with a helicopter to get us to the mountains?"

~°Δ°[[Espera] says:

"Can you love me please"

"At least, can we make out once"

Cruel Regulator says:

Silvia "OH, YEAH, SURE, HELICOPTER, LEMME JUST RUN OFF AND MAKE A CALL TO HQ!"

Silvia runs off while dialing vigorously.

Silvio "She's a very awkward girl. I estimate she'll lose her virginity at least at no younger than 25."

Silvio "But she means well. She's just scared."

Silvio whispers something to Espera.

~°Δ°[[Espera] says:

"Sigh.. huh?"

Espera listens

Cruel Regulator says:

Silvio "Is that really your boyfriend? He's staring at me."

Silvia "Hey, guys!"

~°Δ°[[Espera] says:

Espera whispers back "I... it was sort of forced upon me, I guess, but I really... I..."

Cruel Regulator says:

Silvia "You're cleared! You'll get a helicopter within half an hour."
Punk Kid "Oooh, ooh, can I drive?"

Grate Oracle Lewot says:

U, the only member of an asexual species, does not understand these emotions, but gives Espera a hug.

Cruel Regulator says:

(Everyone else does not have any OP in the Helicopter Pilot skill.)

Grate Oracle Lewot says:

Ah

Cruel Regulator says:

So, um, you have two options.

Erm, or rather, you have an option which you can take or ignore.

Do you remember earlier when the bro dude who was working in the hotel lobby offered pizza?

Grate Oracle Lewot says:

Yes.

Cruel Regulator says:

His shift finished while you and HSA were talking.

You can go up to his room.

Or, erm, do you want to?

Grate Oracle Lewot says:

Er, oh, this is waiting for the helicopter?

Cruel Regulator says:

Yeah.

Eat some pizza and whatnot for the half-hour and then come back for the helicopter, yeah.

Grate Oracle Lewot says:

Well, U likes pizza

Eugene says:

YES

Grate Oracle Lewot says:

(also I was just thinking, I could explain U no longer having the teleportation powers he stole from Dr. Zeus by saying that when he teleported back to The Lab from Matra D, the other planet, some newly-installed Emerging Science device short-circuited his teleportation powers but none of you care about my ridiculously detailed canon)

Cruel Regulator says:

Clarissa "I know where you're going, and you're not taking my little nephew Jimmy along with you. That hotel desk clerk is no one I'll allow to be associated with my family. I know who he is."

Grate Oracle Lewot says:

"o?"

Cruel Regulator says:

(I care when it gives me more opportunities to make adventures)

Grate Oracle Lewot says:

(Well, it doesn't)

(It just gives me peace of mind)

~°Δ°[[Espera] says:

oh god lag

Grate Oracle Lewot says:

Sorry Bizz D=

Cruel Regulator says:

(Let's just pretend that he had previously told you where he lives, which is, in at an apartment about two blocks away.)

So, erm, yeah, you leave the hotel, you go past the manicured lawn, past the valet parking stops

~°Δ°[[Espera] says:

Yeah

Cruel Regulator says:

down a couple city streets.

~°Δ°[[Espera] says:

The only reason I'm really quiet is

Grate Oracle Lewot says:

Yeah, U is too tempted by the pizza

Cruel Regulator says:

(the hotel is a pretty tall building, in fact, a sky-scraper)

~°Δ°[[Espera] says:

because my msn keeps freezing

Cruel Regulator says:

Poor Bizz.

~°Δ°[[Espera] says:

And I don't know why

Cruel Regulator says:

You go inside the building.

Grate Oracle Lewot says:

You're saying more than BK, Bizz

Cruel Regulator says:

This apartment building has a little old lady as its front desk clerk

"Oh, the crossdresser and the blob. Billy told me to let you in.

He lives on the fourth floor."

She points to the elevator

and you go up

~°Δ°[[Espera] says:

But

Cruel Regulator says:

and you know which room is his
because of the Sitar music playing.

~°Δ°[[Espera] says:

I never say enough apparently because I'm ignored a lot
like in mafia games
but continue

Cruel Regulator says:

It's only partway down the right side of the hallway from the
elevator.
Knock or ring?

~°Δ°[[Espera] says:

I say ring

Cruel Regulator says:

Billy "Oh, guys, it's open, hey, come in."
Billy "Have you heard of Ravi Shankar? He's the shit, bra."

~°Δ°[[Espera] says:

"Okay, mr. guy"
"Erm, no"

Cruel Regulator says:

Billy "He's a real bra's bra."

Grate Oracle Lewot says:

U searches for the pizzas.

Cruel Regulator says:

Billy "Oh, they're back in the kitchen."
The kitchen isn't so much a room. It's just a little extension of the
living room that only goes in a couple feet.

Grate Oracle Lewot says:

U goes and gets them, holding one on each pseudopod.

Cruel Regulator says:

There are five peperoni pizzas, at 16" diameter.

~°Δ°[[Espera] says:

peperoni*

Grate Oracle Lewot says:

*Erm, well, holding each one on a pseudopod.
He can have more than two pseudopodia.*

Eugene says:

I would totally chill with this dude irl

Cruel Regulator says:

Billy "I got a new dealer, and this stuff I bought really gives you
the munchies."

Billy "But it also calms you down, too."

He gets off his couch which is in the middle of the living room

Grate Oracle Lewot says:

*U is only interested in the pizza, though it is questionable what effect drugs would have on
him.*

Cruel Regulator says:

The front door is in the corner of the room. To the far left is the
kitchen, then in the middle of the room, somewhat to the left is the
couch

across from the couch

and a couple feet in front of the front door

is the TV

and to the left of the TV

relative to the couch
(or behind it relative to the wall)

~°Δ°[[Espera] says:

Lag aaaaaaaaaah

Cruel Regulator says:

is a little card table where Billy is assembling and lighting his bong.

Billy "Here, um, one of you, take a hit. It'd be rude of me to go before a guest."

Who takes the first hit?

~°Δ°[[Espera] says:

Well, I think that if Espera got high she would be a huge romantic of everything and also get all depressed oh me me me

Cruel Regulator says:

Espera takes a hit!

Espera's INT goes down by 1!

Espera's PRE goes down by 1!

~°Δ°[[Espera] says:

hahahahaha

Cruel Regulator says:

Espera recieves 4PP.

~°Δ°[[Espera] says:

so wait is that permanent

Cruel Regulator says:

Espera: Hits: 25/25, Stun: 25/25, PSI: 11/12, Luck: 12/12

You do not know yet.

You will eventually find out.

Eugene says:

(I will find out its permanency before -- fuck me)

Grate Oracle Lewot says:

Just say 9.

Eugene says:

"I have a job interview" Eugene says

"I need to clean the shit from my system"

Grate Oracle Lewot says:

"o?"

Eugene says:

"Its in 2 weeks."

~°Δ°[[Espera] says:

Hegel don't do that to my presence, it's already low enough

Eugene says:

(Eugene is sly)

Espera is our guinea pig >: D

~°Δ°[[Espera] says:

sniff

I am GENUINELY UPSET

Grate Oracle Lewot says:

U is eating pizza with one pseudopod, and holding 4 other pizzas on 4 other pseudopods.

Cruel Regulator says:

Billy "whoa, you're a psychic, aren't you!"

~°Δ°[[Espera] says:

!!

"I did what?"

Cruel Regulator says:

Billy "You must've been pretty drained, too. You seem to have taken up the entire gram's worth of pot."

Grate Oracle Lewot says:

Oh, I thought it was crack.

Cruel Regulator says:

Billy "Anyone else want a hit?"

~°Δ°[[Espera] says:

"Ohhhhh, or are you referrin' to Eugene"

Cruel Regulator says:

Erm, no, Espera was the one who was drained. If you're restoring PP, you use up an entire gram of pot in a single, 3 second phase use.

~°Δ°[[Espera] says:

No, Hegel
you don't understand
that message lagged
bdly

Cruel Regulator says:

~°Δ°[[Espera] says:

that message was supposed to be earlier
uh, but
"Oh, how funn"

Cruel Regulator says:

(Also note that a rolled 1d6 to determine how much PP was restored, and Espera rolled a 4 and got restored 4PP)
(1d6 means one single six sided die)

~°Δ°[[Espera] says:

(I kinda figured that out)

Grate Oracle Lewot says:

I wish I could draw so that I could draw this scene

~°Δ°[[Espera] says:

"So, anyhow, you know, really want a hot spanish chick right about now"
"really want one"
"HEY EUGENE HEY U TRY SOME OF THIS SHIT MAN IT'S AWESOME"

Grate Oracle Lewot says:

U is busily eating pizza.

Cruel Regulator says:

Billy "Hey, guys, if you're psychics, why don't you buy some of my pot. I know you're with the Strawberry Seperatists, so I'll just give it to you at the price that my dealer sold it to me. I have 10 grams right here, and I'm selling it for \$200 a gram. This is, in fact, expensive, psychic grade government GMO stuff, bras and braettes. It's worth it."

~°Δ°[[Espera] says:

"so that silvia I want to lie her down and just rape her hard you know because she is so hot and amazing i remember how great she was with swords y'know"
"also NO BECAUSE I'M NEVER DOING THIS AGAIN IT LOWERED MY FUCKING PRE AND NO ONE PAYS ATTENTION TO ME AS IS BECAUSE IT'S ALWAYS EUGENE"
"hi i'm espera <3"

Cruel Regulator says:

Billy "I know how you feel, but she's a hard-trained government girl and you'll never be able to take her down without a lot of help and

a lot of training. Silvia's the best of the best, bra-ettes."

Eugene says:

((bizz i already had a a EXCUSE))

~°Δ°[[Espera] says:

"I want help and I want training because I want her so much"

Cruel Regulator says:

You have \$789 amongst the three of you.

You can buy a total of three grams of pot for six hundred dollars.

(Oh, now I get why Lewot thought I was talking about cocaine. Pot isn't sold in grams, is it)

buy*

~°Δ°[[Espera] says:

brb guys my dad's calling me and wait shit i have ten minutes left

Cruel Regulator says:

Grate Oracle Lewot says:

(As with the ridiculous scientific type stuff of my canon, I am trying to keep U's personality in character, you guys understand, and I don't think he'd do drugs)

~°Δ°[[Espera] says:

well i only did it to test it out

Grate Oracle Lewot says:

No, no, I know

~°Δ°[[Espera] says:

kinda pissed

Eugene says:

i'm pretty sure everyone gets weed for \$20

Grate Oracle Lewot says:

I'm a more boring character

Eugene says:

and it comes in a "quarter piece" or something i donno

~°Δ°[[Espera] says:

never mind, I'm calling my dad in ten minutes

Cruel Regulator says:

well, let's just say that this guy here is ripping you off.

~°Δ°[[Espera] says:

He kinda is

Cruel Regulator says:

You do not know where to find another dealer in Spain, though.

You can get three grams worth of pot right now

each one restores 1d6PP

and 1d6 averages 3.5

so yeah, about 10.5PP for \$600

Grate Oracle Lewot says:

Well, U is no more interested in money than drugs, so he just kinda keeps eating pizza.

Eugene says:

hegell this doesn't really sound like a good deal

i mean

all our money

for one beam beta

and a life up

Cruel Regulator says:

Billy "How about \$150 a gram?"

~°Δ°[[Espera] says:

and lowered fucking stats

Cruel Regulator says:

(You could also murder him and take all of his pot.)

~°Δ°[[Espera] says:

"No fuck you guy I worked hard to get that pre"

LET'S DO THAT

Grate Oracle Lewot says:

Well, the lowered stats don't wear off when the high does?

~°Δ°[[Espera] says:

We don't know yet

(/sarcastic tone)

Eugene says:

yeah see

hegel

this just sounds all in all

like a bad fucking deal

most things in yer rpg

~°Δ°[[Espera] says:

Exactly!

Eugene says:

sound like a bad fucking deal

we have pretty much

0 fire power since everything we do except for psi misses

~°Δ°[[Espera] says:

sniff

Cruel Regulator says:

well, hey, it depends on the enemy.

~°Δ°[[Espera] says:

and i have no pre already

Eugene says:

and here we can refill psi but its barely enough and at too high a cost

but the last liek 3 fights we were in

we couldn't even hit in

Grate Oracle Lewot says:

I guess the idea is that things miss a lot because a couple hits will kill the guy?

Cruel Regulator says:

The last fight you couldn't hit anyone

or rather, you couldn't hit HSA

~°Δ°[[Espera] says:

I was planning on heavily upgrading my PRE so I could actually get some offensive PSI

Grate Oracle Lewot says:

Can U give Espera some of his PRE?

Cruel Regulator says:

but then the fight before that, you could easily kill all of them in one turn per character.

Eugene says:

((foot soldiers don't count bro))

wait i don't know

Cruel Regulator says:

You could ask Billy how long this particular marijuana variety takes to wear off.

Eugene says:

why that's in ()'s i guess its just habit now

Cruel Regulator says:

Billy "Okay, I'll give you all ten of my grams if you just give me one of your guns. I'm fucking scared of the stickmen."

Grate Oracle Lewot says:

U tosses him whatever gun he was carrying.

Cruel Regulator says:

Oh, erm, U isn't carrying any guns.
I kinda moved all the guns to Eugene's inventory.

Grate Oracle Lewot says:

k

Cruel Regulator says:

Eugene's Stuff: baseball bat, 9mm handgun, 9mm bullets (29), 0.7066mm pulse rifle, 0.7066mm pulses (81), 12.7x44mm Angelhead pistol, 12.7x44mm bullets (66), 12mm Mr.Machinegun, 12mm Mr.Bullets , .44 Magnum Revolver, .44 Magnum bullets

Grate Oracle Lewot says:

U keeps eating pizza.

Cruel Regulator says:

means zero.

Grate Oracle Lewot says:

Wait Bizz is getting kicked off about now.

Eugene says:

.44 magnum revolver and bullets

~°Δ°[[Espera] says:

"so how long does this last"

oh btw yeah I am getting kicked off

like

in

two minutes

Cruel Regulator says:

Billy "Oh, bra, like, three hours. Psychic manuals say Healing Gamma cures "Stone", so I guess that'll do it, too."

Grate Oracle Lewot says:

Well, Bizz, um, I have to wash dishes, so go ahead and talk to your dad for as long as you want, and I'll call you after a while.

Cruel Regulator says:

Oh, erm, so, I guess end of the session.

Everyone gets 21 OP.

Grate Oracle Lewot says:

*Well, I don't have to wash immediately
but Bizz is leaving
but yeah i have 42 OP.*

Cruel Regulator says:

who's going to carry the ten joints worth of pot, though?
Or rather, which characters will carry how much?

Eugene says:

hegel; does your game include cops?

i figure

if u really won't use it

5 between me and espera

Cruel Regulator says:

Okay . . .

Grate Oracle Lewot says:

*Well
I am being IN CHARACTER
bra*

Cruel Regulator says:

Eugene says:

Grate Oracle Lewot says:

*If we get to the point of having new characters
I'll make one purely for the RPG
and then I can do whatever.*

Eugene says:

what if liek
when we get too strong or finish an overlaying story arch
we liek
switch to a convention in sweden

Cruel Regulator says:

*I'm thinking that that happens
if all of your characters get killed.*

Eugene says:

where CHARLES EL PENGUINO is gaining popularity
but but
i don't want eugene to be killed

~°Δ°[[Espera] has left the conversation.

Cruel Regulator says:

*Bizz <3
Okay, BK, you have 77 OP remaining
and Lewot, your character, of course, has 42.*

Grate Oracle Lewot says:

*Yeah, U being killed is pretty unsatisfying after he beat Dr. Zeus
although then we could adventure in Funk Acres
hey
how about like
at some point we get killed
and these characters go to the Underworld
and then we make new ones*

Cruel Regulator says:

Well, it'll happen sometime.

Grate Oracle Lewot says:

*and we alternate adventures
or have the new ones rescue the old ones.*

Cruel Regulator says:

*I'll probably make a boss who's too hard.
I mean, like, HSA was too hard.
So then I was going to have him heal you after killing all of you
and then I noticed that you could beat him
so instead I made it so that he didn't have a condom and so that he
only had the single clip of 27 bullets in his Mr.Machinegun and
nothing with which to reload.*

Grate Oracle Lewot says:

*But no really ALTERNATE ADVENTURES
that would be cool*

Cruel Regulator says:

But I could've left him with a condom and then left him with extra
reload clips and then he would've killed you . . .
But yeah, and I guess for the alternate adventures thing, you'll make
your new characters with all the same number of OP as you've gotten
in the main game.
Or rather, this first one.

Grate Oracle Lewot says:

*Yes.
Or, wait
what do you mean?*

Cruel Regulator says:

You've made 266 OP so far
plus the 142 starting OP.
Your new characters would start with 408 OP.

Grate Oracle Lewot says:

*Well, I guess it would be annoying to start them out weak
but
it would be
INTRIGUING*

Cruel Regulator says:

Or, actually . . .
Instead of starting their first game at giving them 11 OP then 12,
ect.
if game 20 is Espera, Eugene, and U, then that game everyone will get
20 OP
but then game 21, if that's the alternate party
erm, not 20 OP
30 OP for game 20
and then for game 21, the alternate party gets 31 OP
Yeah.

Grate Oracle Lewot says:

*Well, I'm still just fixated with the idea of having a weaker character of mine bust U out of
captivity and then having U immediately fire pathogen and kill everyone to note how much
stronger he is, and setting it in Icky's underworld is even cooler.
But
it is your RPG
I am forcing too many of my ideas*

Cruel Regulator says:

Well, I mean, yeah, they'll start out weaker
but be somewhat able to catch up.

Grate Oracle Lewot says:

Yeah...

Cruel Regulator says:

Oh, also, I think we'll need to have quests so that you can adventure
and meet Invasive Psychic Trainers (who don't give you PSI powers
but who boost skills)
and then also cybernetic surgeons
cybernetic
who'll implant armor and computer chips and weapons.
Yeah . . .
And I don't know how U can pay to be enhanced . . .

Grate Oracle Lewot says:

Oh

I thought we were just calling it Unity instead of Humanity

Cruel Regulator says:

Oh, yeah, yeah, but I mean
we can't give U a cyber arm replacement that electrifies the sword
it's carrying or anything.

Well, I guess we could give U an arm . . .

nah.

Grate Oracle Lewot says:

Well

give him

Cruel Regulator says:

Genetic modification?

Grate Oracle Lewot says:

just like nanobots in his cytoplasm

Cruel Regulator says:

Oh, hmmm.

Grate Oracle Lewot says:

or something

I mean genetic modification works

Cruel Regulator says:

(And I'll make sure that all of these non-OP upgrades will be silly
and will completely fit within the theme of the RPG.)

Grate Oracle Lewot says:

because that is his entire being

Cruel Regulator says:

Okay, BK.

Cruel Regulator just sent you a nudge.

You have just sent a nudge.

Cruel Regulator says:

BK, you're complaining about not being able to hit but you have 77 OP.

Grate Oracle Lewot says:

Cruel Regulator says:

Erm, also, Lewot, yeah, what are you gonna spend your nice, pretty, 42
OP on?

Grate Oracle Lewot says:

Well, I mean

Eugene says:

oh hey

Grate Oracle Lewot says:

I guess I'll save it until it becomes not 42

Eugene says:

hey guys

Grate Oracle Lewot says:

then buy something pricey.

BK buy some accuracy.

Cruel Regulator says:

Well, let's go to the Psych-E Global Psychic Experience Trading
Network, shall we?

Eugene says:

that'd make sense

Cruel Regulator says:

<https://sites.google.com/site/alllostown/creation/psych-e>

Eugene says:

I would like

MAGNET

BETA

Cruel Regulator says:

<https://sites.google.com/site/alllostown/creation/eugene>

Grate Oracle Lewot says:

Oh, it's multitarget...

Cruel Regulator says:

Yeah.

Eugene says:

what determines accuracy?

Cruel Regulator says:

Okay, BK, 17 remaining. Now what?

Erm, there's your Reflexes stat

Grate Oracle Lewot says:

Why is Freeze Gamma all weird and then Freeze Omega is just +10?

Cruel Regulator says:

which is at 9

Eugene says:

god dammit

hegel

that is the highest one

Cruel Regulator says:

Well, you did, in fact, have a weapon that was more accurate than the pulse rifle

which was the Angelhead pistol which you picked up from the foot soldiers at the bank.

Erm, but your accuracy is Reflexes plus your Marksman skill.

Your Marksman skill is at 7.

To go Marksman 7 to 8 costs 8 OP

from 8 to 9 costs 9 OP

Oh, hmmm, that costs 17 OP, actually, you could do that.

Grate Oracle Lewot says:

Oh, hey.

Math.

Cruel Regulator says:

(erm, going from 7 to 9)

Eugene says:

yes

i will do that

Cruel Regulator says:

To increase any basic stat that is less than 10 by 1 point, it costs 10 OP. Once you get to 10 or higher, stats increase just like skills do.

Grate Oracle Lewot says:

BK did you ever see my list of flightless birds?

Cruel Regulator says:

Done.

Grate Oracle Lewot says:

Oh, also

Bach says:

Okay, where's BK

Grate Oracle Lewot says:

The strip club

is my guess

Oh, also, I need to save the session.

Cruel Regulator says:

Oh, thanks for reminding me :3
